

GORDON MENDENHALL

Heber City, April 8 (LRJ) Close reading of the Deseret News by Gordon Mendenhall netted the Wasatch Chapter of the Republican Party \$120.50. The newspaper carried announcements of property held by the state that could be claimed by proper owners or representatives. Mr. Mendenhall noted the party's name as he read and decided to write for the property. It was sent to him in the form of a check which as now been deposited to the Republican Party's account. 'It just may have come from the old bank that stands across the street,' he said as he nodded toward the sandstone bank building now occupied by D.J's. That bank went out of business some time ago and the money just may have been deposited and forgotten about until to came to light in state bank audits.

Gordon Mendenhall is the secretary for the Wasatch Republican Party, and apparently

does his homework.
